

Tutorial de configuração do CAPTCHA

Recomenda-se o uso do CAPTCHA para evitar spams e impedir que softwares automatizados executem ações que degradam a qualidade de um serviço. Acesse o tutorial [Configuração do Captcha](#) para entender como configurá-lo em seu projeto.

The image shows a login interface for 'Cronapp'. At the top is the Cronapp logo, which consists of a blue cloud icon with a small blue cube inside, followed by the text 'Cronapp' in a blue sans-serif font. Below the logo are two input fields. The first is labeled 'Usuário' and contains the text 'admin'. The second is labeled 'Senha' and contains six dots. Below these fields is a reCAPTCHA widget. It features a green checkmark on the left, followed by the text 'Não sou um robô'. On the right side of the widget is the reCAPTCHA logo (a circular arrow) and the text 'reCAPTCHA' with links for 'Privacidade' and 'Termos'. At the bottom of the form is a large blue button with the word 'Entrar' in yellow text.
